

# RWN-1, RWN-2, RWN-3 BUILT-IN NARROW DRAWER WARMERS

RWN-1, RWN-2, RWN-3 NARROW DRAWER WARMERS

Wells Narrow Drawer Warmers can keep a variety of foods hot and ready to serve. Their narrow width saves valuable space, yet the drawers accept all standard 12" x 20" pans up to 6" deep. All Wells warmers come with individual controls on each drawer for temperature and humidity, allowing food to be hot and crispy in one drawer, warm and moist in another.

## Features

- **Narrow width saves space** while accommodating standard 12"x20" pans.
- **Exclusive self-latching mechanism** provides easy, one-touch, secure closure.
- **Individual thermostatic temperature control** on each drawer gives these warmers maximum versatility.
- **Durable stainless steel tracks and bearings** provide smooth, trouble-free operation.
- **Adjustable front vent** on each drawer allows for humidity control.
- **A stainless steel pan** is provided with each drawer warmer and is capable of holding a standard 12" x 20" pan.
- **Fully insulated** for maximum efficiency.
- **Models with optional built-in thermometer (T)** are NSF approved for potentially hazardous foods.
- **The RWN series Drawer Warmers** are Underwriters Laboratories, Inc. LISTED and meet the NSF International and Canadian standards.
- **A one-year warranty** against defects covers parts and labor.
